SMITH & PARSONS

SAN ANGELO, TEX. Oct. 4, 1901.

Subscription, per year, \$1.50

The international yacht races do not seem to be going all our way this time.

The State Legislature, which has occupied two extra sessions, dickering over an appropriation bill, has at last incubated and adjourned, passing the bill. A few good business men could have done the same work in much less time and about as satisfactory.

In the Sampson Schley investigation, Schley appears to be getting along very nicely, although there are a number of skittish witnesses in the case. Samson, like a terrapin with fire on its back, is managing to get out of his hull, and it may be he will now tell the facts and throw the true light on the whole matter.

Judge W. D. Cochran Dead.

Judge W. D. Cochran, one of Temple's brightest legal lights, and at one time a citizen of San Angelo, died at his home last Sunday, the 29th of September. Judge Cochran was a splendid man, well liked by every one who knew him, and enjoyed a liberal practice at the bar and was highly respected and loved.

Senate Refused to Confirm.

Austin, Tex., Sept. 27.—The Senate had a big row this morning over the appointment of a Judge in Senator McGee's district at Longview.

Several days ago Senator McGee circulated a petition in the Senate, and secured the signatures of twenty-four Senators, indorsing Judge Pendergrast for the position, and the petition was presented to the Governor.

This morning Governor Sayers submitted the name of Judge Levy for the position. Senator McGee at once rallied his forces to oppose the confir-

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & Co., Toledo, O.
Sold by druggists, 75c.
Hall's Family Pills are the best.

mation and was successful, notwithstanding the strenuous efforts of Senator Stafford to secure confirmation of Judge Levy. The refusal of the Senate to confirm the nomination, will force the Governor to make another one.

The Boers are bound to make things hot for the British in South Africa. Every now and then they let them know that they are very much alive, and from the outlook it has every appearance that they will have to do the "hot foot" for some time.

The Philipinos continue to make things lively for the boys in the Philippines on the Island of Samar, by killing 48 and wounding 11, this leaving only 13 out of a guard of 72. The company was at breakfast when attacked. The Cubans and Philipinos have queer ideas; they think they should be set up as independent republics without paying for the war, and Uncle Sam should furnish an army and navy to do their bidding.

The game season is now on, a full line of shot guns, rifles and ammunition at C & G Hagelstein Co's.

A Cough

"I have made a most thorough trial of Ayer's Cherry Pectoral and am prepared to say that for all diseases of the lungs it never disappoints."

J. Early Finley, Ironton, O.

Ayer's Cherry Pectoral won't cure rheumatism; we never said it would. It won't cure dyspepsia; we never claimed it. But it will cure coughs and colds of all kinds. We first said this sixty years ago; we've been saying it ever since.

Three sizes: 10c, 50c, \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing. J. C. AYER & CO., Lowell, Mass.

Cure for Cotton Weevil.

Austin, Tex., Sept. 28.—Doctor L. O. Howard, an expert entomologist, connected with the United States Department of Agriculture, who went to Southern Mexico several weeks ago to investigate the history of the Mexican cotton boll weevil, which, during the past few years has become a serious pest to Texas cotton growers, has discovered that the weevil has been exterminated in a large section of the State of Oaxaca by a harmless parasite.

Doctor Howard will bring this parasite to Texas with a view of turning it loose on the boll weevil here. It is estimated that this pest has destroyed many million dollars' worth of cotton in Texas in the past five years.

Madrid, Sept. 28.—Admiral Valcarlos has prepared a report for presentation to the Queen Regent, asking for the necessary funds for naval defenses, and proposing, in the event of their being refused, that the Spanish navy be abolished.

The next meeting of the San Angelo District Medical Society is Oct. 9.

Nice home made preserves at Henry Short's.

Mr. Alvin B. Giles, the collecting attorney, has taken up his residence at the McDermott.

Car load of Hancock Texas Disc plows. J. S. Miles.

O. Ruffini left Thursday morning for Ozona to superintend the building of Crockett County's new court house.

J. S. Miles has just received a car load of heating stoves of all kinds. These stoves he can sell you from \$2.50 up.

Mrs. McDermott has just returned from a day's fishing with a very badly sprained wrist—the truth is, she narrowly escaped breaking her arm.

The Grant Lumber Co. carry the stock—all kinds and want your business—call and see us our prices will suit.

Judges J. W. Hill, Brown Lee and W. A. Wright went down to Temple Sunday to attend the funeral services of Judge Cochran, deceased.

A \$25 suit of clothing given away. See

W. O. Cochran.

The Clothier near postoffice.

An altercation in town yesterday, between Mr. W. J. Ellis and Tom Jones, resulted in the using some rough language and the one getting his head thumped with a monkey wrench.

There is a time when every one needs something to revive a drooping spirit. Chas Zenker's whiskey is the best known remedy.

Miss Hadley, assisted by the best musical talent of the city, will give a first class concert at the Turn Verein Oct. 11. Under the auspices of the C. P. Aid Society. All are invited to attend.

Vicar General Anthony Fourchegu is showing his friends peaches from his orchard that weigh 12 ounces and are a foot in circumference. It takes Santa Fe to raise the fruit:—Santa Fe New Mexican.

Cox Bros. are progressive men and the kind that build up and maintain a town's trade. They are growing right along at a steady rate and it is only a matter of time when they will be one of the great big firms of Western Texas, as they believe in the value of Printer's ink.

The San Angelo District Medical Society

On Saturday night, September 28, an association which will have a great influence over the future of this little city of ours. There are great and unlimited possibilities in store for the little band that united in friendship and brotherly love, united, and called themselves in the name of the San Angelo District Medical Society.

The society was organized principally through the efforts of Dr. Robert L. Greene, and met in the parlors of the Landon Hotel, through the courtesy of Mr. James C. London, the proprietor, and at the hour appointed the doctors began to come, and soon there were, S. L. S. Smith, M. D., Robert L. Greene, M. D., Bascom Lynn, M. D., F. F. Tucker, M. D., F. B. Magruder, M. D., A. J. Marberry, M. D., C. P. Cooper, M. D., T. C. Connerly, M. D., Boyd Cornick, M. D., J. B. Salmon, M. D., S. C. Parsons, M. D., L. C. G. Buchanan, M. D., all of whom were ready to advance San Angelo's medical interests.

The name of San Angelo District Medical Society was selected, and Dr. S. L. S. Smith, the oldest physician, was elected president. Dr. Boyd Cornick, 1st vice president, Dr. F. F. Tucker, 2nd vice president, Dr. Robert L. Greene, secretary and Dr. Bascom Lynn treasurer.

It is the intention of the medical profession of San Angelo to make this society one of note, and every member seemed ready to do their utmost to further its interests. Consequently great events are liable to result from such an organization. The meetings will probably be twice a month at the Landon Hotel. The society adjourned until Monday, Oct. 7th, at 8 p. m.

Stock News.

CHICAGO LIVE STOCK.

Chicago, Ill., Oct. 1.—Cattle market steady; good to prime steers \$6.10@6.60; poor to medium \$4.00@5.90, stockers and feeders \$2.25@4.25, cows \$1.25@4.65, heifers, \$2@5, canners \$1.25 @ 2.25, bulls, \$1.75 @ 4.75, calves, \$2.50@6.50, Texas steers, \$3.00@4.00, Western steers \$3.75@5.35.

Hogs.—Market dull and 15@25c lower. Good to choice heavy \$6.70@7.10, light, \$6.60 to \$6.80, bulk of sale \$6.60 to \$6.75. Sheep.—Market lower, lambs mostly 10c lower. Good to choice wethers, \$3.50 to \$3.75; mixed to choice \$3.00 to \$3.40, Western sheep \$3.00 to \$3.40, native lambs, \$2.50 to \$4.75, Western lambs \$3.50 to \$4.40.—Drovers Journal.

KANSAS CITY LIVE STOCK.

Kansas City, Oct. 1.—Cattle market steady to 10c lower. Choice dressed beef steers \$5.75 to \$6.30, fair to good \$4.90 to \$5.65 stockers and feeders \$2.75 to \$4.25, Western fed steers \$4.85 to 5.10, Western range steers \$3.25 to \$4.75, Texas and Indians \$2.00 to \$3.70, Texas cows \$2.35 to \$2.70, native cows \$2.75 to \$4.25, heifers \$2.00 to \$5.50, canners \$1.50 to \$2.65, bulls \$2.40 to \$3.90, calves \$3.50 \$5.00.—Drovers Telegram.

THE STOCKMAN ALL RIGHT.

A prominent stockfarmer, who lives several miles north of Aspermont, said to a Star reporter a few days ago: "I have already got enough fresh grass in my pasture to take my stock through the winter in good shape, and, on top of that, I have already made in my field about 125 acres of sorghum, millet and milo maize. I will have more feed than I can dispose of the coming winter. I have been in this country only one year—and old settlers tell me it was the hardest year this country has experienced in ten years—and, in my opinion, this is the best stockfarming country in the United States. I did well here this year, notwithstanding the drouth."—Aspermont Star.

The Press reporter has talked with a number of men who are stockfarming in Tom Green county and they claim to be in as good shape as those in Aspermont, but where no provisions have been made for winter the stockmen are beginning to feel scary, because grass is short and the pastures are overstocked and in many places the grass is eaten out.

WOMAN'S MEDICAL ADVISER

"So perfectly does it restore them to health and comeliness. Sick and ailing women are invited to consult Dr. Pierce, by letter, absolutely without charge or fee, thus avoiding the unpleasant questioning, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

There is no alcohol contained in "Favorite Prescription," neither does it contain opium, cocaine, nor any other narcotic. It is in the strictest sense, a temperance medicine, its ingredients are purely vegetable, and it will agree with the most delicate constitution.

"IMPROVING EVERY DAY."

"For a number of months I suffered with female trouble," writes Miss Agnes McGowne, of 1212 Bank Street, Washington, D. C. "I tried various remedies but none seemed to do me any permanent good. The doctors said it was the worst case of female trouble they ever had. I decided to write to you for help. I received a very encouraging reply and commenced treatment at once. I had not used your 'Favorite Prescription' a week before I began to feel better, and, as I continued, my health gradually improved. It is improving every day and I still continue to take the medicine."

UNHAPPY WOMEN!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than half a million such women have found a perfect and permanent cure for their diseased condition in the use of Dr. Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine."

"A WONDERFUL MEDICINE."

"For three years," writes Mrs. Mary A. Sasser, of High, Lamar Co., Texas, "I suffered with female weakness, also ulceration of the internal organs. After using three bottles of your 'Favorite Prescription,' four bottles of 'Golden Medical Discovery,' and two vials of 'Pleasant Pellets,' I found entire relief. I am able to do my work with ease. I recommend your wonderful medicine to all my friends, for I truly believe it saved my life."

Dr. Pierce's Medical Adviser in paper covers, is sent FREE on receipt of 31 cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

L. O. Hicks, a merchant and citizen of Goldthwaite, was in the city the first of the week.

J. B. Coleman and wife are visiting in Dallas this week and enjoying the sights of the big State Fair.

If you want to spend a merry night, come out to hear Miss Hadley recite. Music will be a prominent feature. We'll aim to please every creature. Oct. 11, at Turn Verein hall. Come everyone, we invite you all.

The management of the Grant Lumber Company has passed into Mr. S. C. Johnston's care, and since he is a gentleman of more than ordinary ability and of good business training it is safe to predict that the company's interests which he now represents will thrive and prosper under his direction.

DeWitt's Little Early Risers never disappoint. They are safe, prompt, gentle, effective in removing all impurities from the liver and bowels. Small and easy to take. Never gripe or distress. J. W. Harris & Bros.

Seaton Keith, knowing the result of dry weather in West Texas and experiencing by past knowledge of such matters, has saved up his pasture pretty well this year and a few days ago leased it out for the next 6 months for \$12,000. 23,000 acres are inclosed in the pasture. This is a good profit on grass and shows how to protect the reserve fund in West Texas.

E. W. Walker, of Stiles, in West Tom Green, was in Wednesday and reports his section in fine condition; says some land sales are being made recently, among which was a four section deal of school land made by himself for Geo. Rule, of Arkansas, to J. C. Ellison of Robertson County, Texas for \$1200. Mr. Walker says Mr. Ellison will move on the land, improve it and make a ranch.

You Can Lead a Horse

to water but you can't make him drink.

You can't make him eat either. You can stuff food into a thin man's stomach but that doesn't make him use it.

Scott's Emulsion can make him use it. How? By making him hungry, of course. Scott's Emulsion makes a thin body hungry all over. Thought a thin body was naturally hungry didn't you? Well it isn't. A thin body is asleep—not working—gone on a strike. It doesn't try to use its food.

Scott's Emulsion wakes it up—puts it to work again making new flesh. That's the way to get fat.

Send for free sample. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. 3c and 5c all druggists.

The Press enjoyed a social call from Editor and Mrs. Woodruff, of the Sonora Sun, on their return from the Dallas fair. Mr. Woodruff said he did not have much time for calling while in Dallas, but there is no doubt but what Gen. Pass Agt. Turner, of the T & P R R, sort of put a spell upon him, as his call on Mr. Turner was the great event of his trip. Mrs. Woodruff is quite pleased with San Angelo and says she intends to visit our city quite often.

The Man, not the Farm.

In the eastern states there have been vast numbers of farms abandoned for those more fertile in the West, but the density of the population is causing them to be re-settled.

On one of those abandoned and worn out farms, a farmer, who had the nerve, put in 37 acres of Irish potatoes, from which he expects a crop of 4,000 bushels. At present, he is marketing potatoes at \$4.50 to \$5 per barrel. Even at the lowest yield of those who have estimated his crop, his potatoes will return him about \$200 per acre.

We read where an 18 year old Miss gblought, then fattened for market 19 steers and made a profit of \$300 to pay her way in college, and a few days ago man by the name of Carter, who lives near the Twin Mountains, said they tried to discourage him from planting corn, but he thought he would try a little patch and the result is he will have about a hundred bushels.

Almost anyone can farm where it rains just right, and the crops do not need but very little attention, but when it don't rain and the crops are burning up, then is the time when the real farmer shows his nerve, grit and determination to overcome the obstacles as presented.

When it don't rain is the time you should keep the ground moving. You want to work every day and work to an advantage. We have in our mind a cotton planter, who ordered his plows stopped because it was so dry, but finally he was induced to work constantly ten acres and the result is those ten acres will produce this fall just twice as much cotton as any other ten in his whole outfit.

You must love your occupation whatever it may be, believe it one of the best, read and study, and try and profit by other's experience, and when you really love your business it will be only a matter of time before it will demonstrate the fact that it loves you in return.

Remember the roping and racing contest comes off the 15, 16 and 17.

Cotton Growers Notice.

Our new gin plant at San Angelo is all ready for business.

We use the celebrated Murray system including the Murray cleaning feeders with a capacity of from 35 to 40 bales per day.

We pay the highest market prices for cotton seed. We want your cotton and solicit your patronage. Give us a trial.

Respectfully yours for trade
